- UltraFresh Vent System+ With OdorBlock™ - The first and only UltraFresh™ Vent System+ is enhanced with a sensor that detects and eliminates excess moisture to help prevent odors, ensuring your washer stays fresh and clean.
- Microban® Antimicrobial Technology - Built into components including the gasket, dispenser and draining system delivering protection that lives on load after load.
- SmartDispense™ Technology - Save time and make laundry effortless with our intelligent dispenser that holds up to 32 loads of detergent and automatically dispenses the perfect amount based on load weight and fabric type for optimal cleaning performance.
- Smart Features Powered by SmartHQ™ with Downloaded Cycles - When connected to the SmartHQ™ app, you can make sure your washer always has the latest features! Plus, receive remote cycle status notifications, enable remote capabilities and select from download specialty cycles.
- Dynamic Balancing Technology (dBT™) - Our patented, time saving technology senses and rebalances uneven loads during the spin cycle, providing a quiet wash.

- Reversible Door - Easily reverse your washer and dryer door for superior installation flexibility.
- Steam Cycle - Safely penetrates deep into fabric fibers, loosening stains to deliver enhanced cleaning performance.
- More Energy Efficient - Tier 2 Certified - This ENERGY STAR certified clothes washer also meets CEE Tier 2 specifications. Save on utility costs and reduce your environmental impact with our eco-friendly design. Experience efficient washing without compromising performance.
- Soak Rinse for Sanitizers - Reduces bacteria and viruses with a final cold soaking rinse when using color-safe liquid sanitizers to boost your detergent's cleaning power and remove tough odors on even your most delicate laundry.
- Sanitize + Allergen - Industry-first cycle sanitizes fabrics to kill 99% of common bacteria and allergens such as dust mites.
